

Portable Freestanding Acrylic Sneeze Guard with Document Pass-Through

23.5"H x 29.5"W

**LIST \$245
PROMOTION: \$110**

With a clear, all-acrylic construction and free-standing design, Safco's portable sneeze guard with document pass-through allows workers and customers to speak and interact visually while establishing a physical barrier to help reduce exposure to droplets produced by sneezing, coughing and talking. A convenient pass-through cutaway at the base of the panel allows for small transactions of items like documents or money to occur while the sneeze guard remains in place. Smooth, clean edges on all pieces of the sneeze guard ensure a professional look and safer handling. Quickly and easily assemble the portable sneeze guard by sliding the feet into the pre-cut slots on the base of the shield panel – no tools required. Peel away protective film on all pieces before assembly. Easy to clean and wipe down, the panel measures 29-1/2"W x 23-1/2"H x 8"D while the pass-through opening

31.5"H x 35.5"W

**LIST \$275
PROMOTION: \$125**

This freestanding countertop desktop screen is a quick and inexpensive way to protect your counter or desk area. The simple design can be easily setup in seconds with no tools, hardware or installation. Disassembles just as easily for transport or storage. The 4.75" high by 11.75" wide pass through opening is perfect for exchanging payment or items at customer service and sales counters and desks. Made from clear acrylic plastic that protects while providing unobstructed visibility.
