

Teaching is the profession that teaches all the other professions. - Unknown

We can all say that we would not be where we are today if it weren't for our teachers. They are an extremely important part of youth and many of us may not realize the impact that they had on us and the impact they make on our children today. October 6th is World Teachers' Day and we want everyone to show teachers' all over the world that they are supported.

Show your care by thanking an educator. In addition, V.i.P.S. is extending our appreciation by offering a special promotion on technology and quality furniture for their classroom. Without having affordable quality furniture and technology, teachers cannot provide the best education possible to children. We know that interactive technology as well as tables and chairs are very important parts of a classroom and that's why we are partnering with Mimio and Jonti-Craft to offer their most popular tables and chairs at **20% off** for the months of October and November. Items like our Rainbow Accents® Horseshoe Activity Table and our matching Berries® chairs will even be eligible for this discount! Buy 4 Mimio Teach and get one **FREE**.
